DETAILED ACTION

Information Disclosure Statement

1. The Information Disclosure Statement, filed October 22, 2003, is acknowledged and has been considered.

Priority

2. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Allowable Subject Matter

3. Claims 1-18 are allowed.
4. The following is an examiner's statement of reasons for allowance: the prior art neither anticipates nor makes obvious a cargo trailer comprising all elements as claimed, in particular having a plurality of elongate horizontal scruff rails secured to an inner surface of a wall panel, each scruff rail having an upper side portion, a central rub portion and a lower side portion, and specifically further including a lower post segment secured between a bottom rail and the lowermost scruff rail, an upper post segment secured between a top rail and the uppermost scruff rail, and at least one intermediate post segment as claimed in detail. The above recitation, combined with the rest of the structure in the independent claim, clearly defines over the art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Jones et al. (U.S. Patent No. 6,682,127 B2), Hinchliff (U.S. Patent No. 3,796,457), Alcorn (U.S. Patent No. 5,154,302), Thomas et al. (U.S. Patent No. 5,433,501), Yurgevich (U.S. Patent No. 6,527,335 B1), Green (U.S. Patent No. 5,058,756), Cook (U.S. Patent No. 5,118,244), and Sjostedt et al. (WO Patent No. 96/29233) disclose trailer frames having post segments and reinforcing ribs.
